Enjoy the benefits of Bluetooth 5.0 technology with these wireless headphones of classic shape. This model provides all the necessary functions: stereo handsfree calls, automatic pairing, voice assistant support. After only 2 hours of charging the headset works for 3 hours in music mode. The kit includes 2 pairs of vacuum ear pads of different sizes, so you can pick up the right ones for your ears. Microphones are placed in a way to provide perfect stereo sound for phone calls, making communication clearer. The IP33 waterproof technology will allow you to use the device in outdoor training sessions in a rain. A reliable audio gadget for those who love an active lifestyle! The headphone box is charged via USB Type-C cable, the same one that is used to charge most of the modern smartphones.
